

Marcus Chen  
Machine Learning Engineer  
Cambridge, UK | m.chen@example.com

## SUMMARY

ML engineer with a PhD in computational biology and 4 years of industry experience deploying PyTorch models to production.

## EXPERIENCE

ML Engineer, OrbitalPharma (2022-present)

- Trained graph neural networks for molecular property prediction (PyTorch)
- Built model serving on Kubernetes with automated retraining (MLflow)
- Collaborated with chemists using RDKit-based feature pipelines

Research Scientist, University of Cambridge (2020-2022)

- Published 3 papers on protein structure representation learning

## SKILLS

Python, PyTorch, scikit-learn, RDKit, MLflow, Kubernetes, statistics, distributed training (DDP), experiment design

## EDUCATION

PhD Computational Biology, University of Cambridge
